Scanning Instruments Design Document

- Work started on design doc
- Looked at D2B ASCII loader – loads data into an MD event workspace

ToF Loader

- Problem with Rosace detector numbers fixed (PR open)
- Problem with IN5 CorrectFlightPaths – is this something to be kept?

Work to Do for Next Week

- Finish design document for Scanning Instruments (for NoBugs)
- Check data loading for IN5 against previous Mantid version
- ToF Workflow for testing
