IN16B REDUCTION
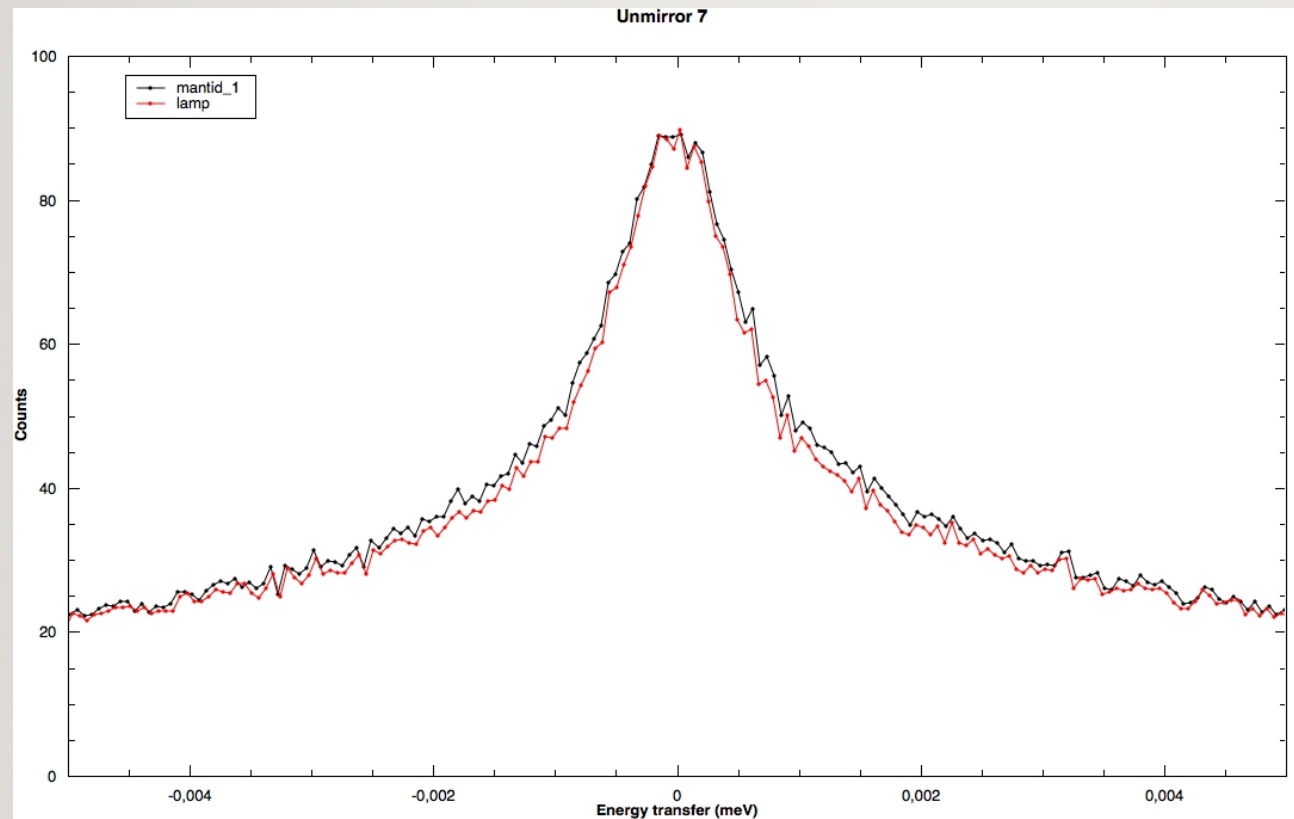

GAGIK, SPRINT MEETING 04.10.2016, ILL

STATUS

- MultipleFileProperty OptionalLoad to be merged

- Few new unit tests for IndirectILLReduction cross-checking unmirror options

- System test (more complete dataset pointed by Tilo)

- Fixed unmirror options (unmirror 5 still needs to be incorporated to MatchPeaks algorithm)

- Fixed x-axis conversion formula

- [Reviewed some maintenance PR], review some more

- Next:
    - Complete the manual test for DataSelector widget
    - Absorbtion corrections?
    - Spectrum-wise comparisons with Lamp
    - Few code improvements in the algorithm

UNMIRROR 7
LAMP VS MANTID

- Better compatibility
- X-axis fix is not yet in the plot
